What Is The EPS90 No Credit Check EZ Payment Plan?

The EPS 90 day no credit check program allows the customer to make a purchase today, and offers that customer the opportunity to pay for the products or services over a 90 day period. The program is based on turning paper checks into guaranteed electronic debits from the customer's checking account.

This check conversion and guarantee program gives the customer the ability to receive the goods or services they need immediately, when qualifying for credit or paying up front may not be an option. The flexible payment plan allows the customer to make the purchase today, and pay for it over a maximum of a 90 day period.

ElectCheck was established in 1993 and for over 16 years has offered numerous innovative payment solutions to business owners and consumers alike. Thousands of reputable and quality minded business owners throughout the United States offer ElectCheck programs including the EPS 90 day no credit check in-house payment plan.

All It Takes Is An Easy 4 Step Payment Plan!

1.

The customer signs the EPS 90 no credit check agreement for the requested products or services.

2.

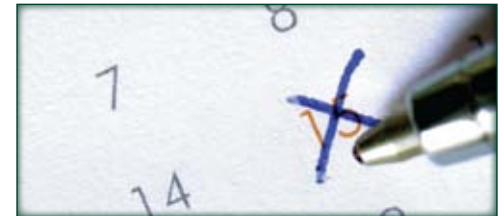

The customer presents the checks payable to the merchant for the products or services.

3.

The merchant scans the checks and enters the customer's payment schedule.

4.

The checks will be debited from the customer's account on the specified date.
