## Products:

The EPS 90 day no credit check in-house payment plan allows the customer to make a purchase today, and offers that customer the opportunity to pay for the products or services over a 90 day period. The program is based on turning paper checks into guaranteed electronic debits from the customer's checking account.

The ElectCheck guarantee program was established in 1993 and has one of the best proven track records. ElectCheck protects your business from bad checks. If for some reason a check that has been approved by the system bounces it will still be paid at face value, because it was approved and is guaranteed.

First Merchant Platinum is a great way to protect yourself and your company from costly down time. What the FMP Warranty does is allow your business to have a damaged credit card terminal replaced quickly, easily, and at no cost to you.

## Rates:

Credit card and debit card rates as low as\*  
1.89%

Have a guaranteed payment on every check for  
as low as 1.89%

## Equipment & Software:

The wireless units give you the ability to accept credit cards with an instant approval code without connecting to a phone line.

The secure and reliable land line terminals are a compact all-in-one solution. The Dejavoo X8 can be combined with the RDM check reader for our EPS 90 program.

The RDM check reader delivers the industry's highest read accuracy. This allows your check conversion & guarantee process to be done with precision.

The Authorize.net payment gateway gives you a secure transaction over the Internet, ensuring a fast and reliable payment option for customers.
